*Additional clinical hours may be required based on total MSN-accrued clinical hours upon entering the program.

**Applications may remain open after the priority filing period as space allows.

Advance your career, lead practice change, and improve health care outcomes.

FIERCELY DEDICATED TO QUALITY

With over 100 years of history, Mennonite College of Nursing (MCN) has a longstanding and steadfast commitment to developing excellent nurses. Programs are developed by doctorally prepared faculty who understand the needs of 21st century nursing and want to prepare students for the future.

ONLINE WITH ENGAGED FACULTY

Our program’s fully online format makes earning your DNP more convenient. But “online” doesn’t mean “on your own.” Students receive the same faculty involvement, care, and quality associated with an on-campus program.

FAST AND FLEXIBLE

Obtain your DNP in as little as 7 semesters part-time. Also, classes are asynchronous, meaning no set class times, so you can determine your own schedule.

FACULTY WHO ARE NURSE LEADERS

This sequence was designed by doctorally prepared faculty who are practicing nurse leaders. Gain mentorship from nurses affecting change, and learn how to ideate and implement real-life solutions that can improve care in our communities.

WAYS WE SUPPORT AFFORDABILITY

Illinois State University (ISU) consistently ranks among the Best Bang for the Buck Colleges in the Midwest. Plus, ISU extends in-state tuition rates to students in neighboring states.

TESTIMONIAL

MCN’s online MSN program provided a strong foundation for pursuing my DNP degree, and the online format let me to work at my own pace while continuing to work full time. I’m a proud MCN graduate.
